Taken from the SSWA Cross Country Selection Policy

- At the completion of the two trial races, the Selection Panel will select a group of 'reserves' based on the results from both trial races.

- If a selected student forgoes his/her place on the state team, he/she will be replaced by one of the selected 'reserves' and at the discretion of the selection panel. The replacement athlete WILL NOT automatically be the next placed placegetter.
- If a selected runner is forced to withdraw from the team, through injury or illness, the selection panel reserves the right to select a suitable replacement from those deemed 'reserves'.
- Any age group which does not fill the quota of places allocated to that age division, due to insufficient numbers competing, will forgo those places to other age groups up to a maximum of 10 places in any one gender division. (This does NOT apply to the 10-12 age division, where the maximum number of competitors from each state is capped at 6 per gender)
- Any redistribution of state team positions will be at the discretion of the selection panel. In this instance, only students who have competed in either one, or both, of the SSWA trials, will be considered.
- A 'reserve' being elevated into the team does not have to be from the same age division, or gender, as the runner who is withdrawing.
