ROLLIN' OUT CH-CH-CHANGES

There are a number of things that have been changing throughout our organisation over the past year and 2025 is shaping up to be no different. SSWA is committed to striving ahead and breaking down barriers for what is possible within school sport.

This year we are focusing in particular on our inclusion practices. One of our initiatives in 2025 is to improve sport for our diverse and multi-class athletes. To aid us in this field we have created a new position in the SSWA office, an Inclusion and Diversity Officer. This position will be advertised in the coming weeks.

Those of you who were part of our Interstate Teams last year may have noticed a shift away from traditional methods of communication. SSWA is embracing the changing digital and physical landscapes of our world. We are constantly reviewing and adapting our processes to cut down on the use of non-recyclable materials and improve our organisations sustainability.

Here at SSWA we are passionate believers in creating an environment that is not only welcoming to those of all creeds and cultures but supportive of ethical and environmentally conscious practices.

On an Interstate level, there have been some monumental developments to the School Sport Australia Games. After the success of last year's inaugural multi-sport championship, SSA has decided to add another multi-sport event to the calendar.

OFFICIALS INDUCTION - VACANT POSITIONS

Last week we hosted our **Officials Induction** for 2025. This induction is the perfect opportunity for SSWA to welcome new and old officials, update our teams on any changes to policy/procedures and of course, kick off the year with a bang!

We're still on the lookout for some amazing new officials to join our organisation. Please head [here](#) for a detailed insight into what it means to be an SSWA Interstate Official.
